

## Hamilton Sundstrand

# APS 2300

**As a Hamilton Sundstrand APS 2300 APU Authorized Repair Facility**, our certified APU technicians have completed extensive factory training at the Hamilton Sundstrand Training Center to give you the most comprehensive, experienced service in the industry.

**Being the first independent service provider on APS 2300 APUs, StandardAero has the ability to offer additional benefits to our customers including:**

- Full MRO capability at StandardAero's Maryville, Tennessee facility
- Full access to Hamilton Sundstrand technical support and documentation
- Full access to OEM warranty
- Full access to the Hamilton Sundstrand rental bank
- Component Repair & LRU Capability
- Coordinated repair development with OEM authorization

Additionally, we focus on developing repair processes to restore your components to OEM specifications, reducing the need for expensive new replacement parts. While your APS 2300 is in our shop, one of our dedicated staff will keep you informed about its progress so you can make quick, confident maintenance decisions.

### **We're There, 24/7**

We have teams of experts available 24/7 who can provide emergency support and troubleshooting. And, if needed, one of our Field Service Representatives can be on-site anywhere in the world within 48 hours.

### **Fast Turns To Get You Back In Service**

From our shop floor to the flight line, your APS 2300 will be returned to service quickly. To reduce engine downtime, we have optimized the process flows throughout our facilities for maximum efficiency.

### **General APU Capabilities:**

- *On-site Technical Assistance*
- *Rental/loaner APUs Available*
