

Department of Transportation — Federal Aviation Administration Supplemental Type Certificate

Number SA1577WE

This certificate issued to AirResearch Aviation Company

certifies that the change in the type design for the following product with the limitations and conditions therefor as specified herein meets the airworthiness requirements of Part 101 of the Civil Air Regulations. (See T.O. Data Sheet A7EU)

Original Product — Type Certificate Number A7EU
 Make Avions Marcel Dassault
 Model Fan Jet Falcon
 Fan Jet Falcon Series D, E, and F

Description of Type Design Change:
 Installation of jump seat in accordance with Sealed AirResearch Drawing List No. IL 1101399, Rev. D or later FAA approved revision.

Limitations and Conditions: The approval of this change in type design applies basically to the above models only. This approval should not be extended to other specific aircraft of these models on which other previously approved modifications are incorporated unless it is determined by the installer that the interrelationship between this change and any of those other previously approved modifications will introduce no adverse effect upon the airworthiness of that aircraft.

This certificate and the supporting data which is the basis for approval shall remain in effect until such time as it is suspended, revoked, or a termination date is otherwise established by the Administrator of the Federal Aviation Administration.

Date of application: 28 December 1967 Date issued: 9 April 1969
 Date of issuance: 10 January 1968 Date amended: 19 October 1970
 30 November 1972
 By direction of the Administrator: June 22, 1981
